

Had a hard day?
Enjoy an Ultra-long
soak in one of
our baths

Ultra baths are available in a variety of sizes and styles, including single and double-ended designs, practical shower baths, corner options plus a contemporary back to wall bath.

Our baths offer the latest in design, and are now made here in Britain for your peace of mind, they are matched by our usual commitment to quality - backed up by our market leading lifetime guarantee.

All of our baths are now manufactured in Britain, giving you peace of mind and a continued commitment to quality.

Ultra baths offer high quality design and build and are made from Lucite® acrylic, in a choice of 4mm or 5mm to suit your needs and budget, but if you wish to upgrade and opt for the Eternalite finish, your bath will be even stronger and able to retain heat for up to 30 minutes longer than a standard bath.

The Eternalite Finish

The expertly-engineered Ultra bath with Eternalite has three layers:

1
FIRST
LAYER

High gloss, smooth sanitary grade Lucite acrylic which is warm to the touch. The solid colour will not fade or rub off over time.

2
SECOND
LAYER

Fully encapsulated, high strength base board to give better impact resistance. This is reinforced with a glass fibre resin providing the ultimate super strong, robust bath.

3
THIRD
LAYER

Specialist Eternalite finish provides extra rigidity and a thermal layer to ensure the water stays warmer for longer.

ETERNALITE
QUALITY FINISHES. WARRINGTON, ENGLAND
