

Commercial Taps & Showers

Our versatile new range of Commercial Taps and Showers are ideal for installation in public shower facilities such as gyms, leisure centres, schools and hospitals.

TMV3 Approved Showers

Our TMV3 approved shower valves combine great style, thermostatic control and a choice of easy-to-use handles making them the perfect shower solution for a range of specification projects.

TMV3 valves are engineered to a high standard so that they meet Government Health and Safety requirements for use in public places such as schools, hospitals, offices etc. and would significantly reduce the risk of scalds occurring in the home or anywhere that hot water is delivered through mixing valves.
