

Create a unique water world with our range of Shower Enclosures & Wetrooms

EasyFit

Ultra shower doors have a unique EasyFit patented assembly system. This unique system enables the fitter to assemble the door quickly. It also eliminates the need to screw together the vital corner profile assemblies, saving time and making the construction process easier.

The EasyFit system also enhances structural strength and results in a more water tight assembly. In 2012 we achieved a U.K. Patent on the EasyFit system, thus enabling you to ensure when you purchase a Ultra shower enclosure you're buying the very best product at the forefront of technology.

The EasyFit system is the system of choice for professional fitters. Chosen by the professionals for its ease of use and speed of assembly, thus proving the adage that time is money: Choose a Ultra shower enclosure with the EasyFit system and buy with confidence.

Shower Shield

Our range of high quality shower enclosures is manufactured to the highest standards, with a height of 1900 millimetres, toughened safety glass and our fantastic 'Shower Shield' easy-clean coating which helps to maintain shine and repel limescale.

All shower enclosures and wet room screens come with a lifetime guarantee against faulty materials or manufacture, provided they have been maintained in accordance with our instructions.

Non-glass or metallic parts e.g. seals, are subject to normal wear and tear through usage and are therefore covered on all products for three months from installation.

Enclosure Hook (Frameless)
ACC013 £18.00

Enclosure Hook (Framed)
ACC014 £18.00

Pearlstone Shower Trays

Sleek, strong, easy to fit shower trays

Lifetime Guarantee

We believe our patented shower trays bring innovation, exceptional quality and value for money to all our customers - which is backed by our Lifetime Guarantee. The guarantee applies to manufacturing defects and products in domestic use, provided they have been used in the manner they were intended.

Patented Technology	Lightweight	Easy to Fit	Slimline
<p>Made of the patented 'Pearlstone Matrix' making the range one of the strongest and lightest available.</p> <ul style="list-style-type: none"> All trays are acrylic capped and constructed from polyurethane resin mixed with filler including volcanic ash. 	<ul style="list-style-type: none"> The trays are up to 50% lighter than conventional stone resin trays - making them safer for handling and fitting. Please visit our website for weights. 	<p>The Pearlstone Matrix has screw retention so that the feet from the leg set (sold separately) can be screwed directly into the base of the tray.</p> <ul style="list-style-type: none"> All trays have a flat underside making installation and levelling even easier. 	<p>At just 40-45mm high, Pearlstone trays are amongst the sleekest on the market.</p> <ul style="list-style-type: none"> Perfect for a modern and contemporary wet room design.

Easy-Plumb leg sets

Leg Sets can be fixed with a battery powered driver. No need for pilot holes. The Leg Set turns the Pearlstone tray into an easy-plumb tray.
